Methodology

Percentage Enrollment Transported

Derived by dividing the average number of eligible students (from Surveys 2 and 3) reported as transported on the Automated Florida Education Finance Program (FEFP) Transportation Survey by the Student Membership reported to PK-12 Education Information Services, Florida Department of Education (FDOE).

Annual Operating Expenditures per Student

Derived from total transportation expenditures on the 2018-19 Annual Financial Report (AFR) from general and special revenue funds, excluding bus purchases. This calculation is divided by the total adjusted number of students transported according to the final transportation calculation for 2018-19.

Operating Cost per Mile

Derived from total transportation expenditures on the 2018-19 AFR, not including bus purchases from general and special revenue funds. This calculation is divided by the total annual miles reported by school districts on the District Transportation Profiles Worksheet for 2018-19.

2018-19 Transportation Profiles Questionnaire

1. What is the name and district number of the school district that is being reported?
2. What percentage of the school bus fleet is used primarily to transport special needs students?
3. How many bus maintenance facilities are in the school district?
4. How many fueling sites are in the school district?
5. Does the district have staggered school times to accommodate buses?
6. How many bus compounds are in the school district?
7. What percentage of the bus fleet is compounded?
8. How many bus stop locations are in the school district?
9. How many bus route miles were accumulated during the 2018-19 school year?
10. How many bus field and activity trip miles were accumulated during the 2018-19 fiscal year?
